

Bazzani Building Company

Mike comes to Bazzani with a wealth of construction knowledge and experience. With over 30 years in the industry, and a degree in Alternative Energy and Energy Management, Mike is a unique fit for his role in Field Operations for Bazzani Building Company.

Throughout his career, his construction expertise has encompassed a broad range of projects including health care, retail, religious, educational, single and multi-family. He believes in a no-nonsense team approach to management, with a focus on keeping the lines of communication open to keep a project organized and on track.

Mike joins the company with more than 10 years of residential contracting experience and 20 years of commercial carpentry and superintending. He will focus his energies in the field to ensure our job sites are running smoothly and efficiently, and that we deliver a quality product to our clients.
